Minister Bushie,

I have heard from many of my constituents who are concerned by the recent signs erected by Sagkeeng First Nation. These Manitobans say the signs are directly impacting and restricting their access to Crown Lands, and infringing on their legal right to hunt on said lands.

My constituents are asking if your office is planning on implementing regulations to enforce these declarations of Crown Lands as "off limits", as you did after Bloodvein First Nation erected their blockade.

This declaration doesn't just impact hunters and anglers, the area in question is heavily used by local residents and cottage owners, as well as tourists visiting our province. Your office must immediately take steps to have these signs removed, in the name of clear communication and the rule of law.

Inaction is not an option, as Minister responsible it is your duty to protect every Manitoban's access to these Crown Lands.

Sincerely,

Wayne Ewasko
